

# CA-SC-20200B

## A high quality 2D barcode scanner

The Capture CA-SC-20200B imaging scanner takes retail operation to a new level with outstanding performance on reading most linear and 2D barcodes on paper, plastic card, as well as smartphone display.

The CA-SC-20200B offers an exceptional value for retail, office, hospitality and commercial applications that require reliable design and rich feature set, increasing employee productivity and customer satisfaction.

### Every Barcode – Every Time

The CA-SC-20200B is capable of capturing most the challenging and problematic barcodes instantly, including dense, poor quality, distorted, dirty, damaged, or overwrapped barcodes, as well as electronic barcode on a dimly lit display.

### State of the Art Imaging Technology

The technology in the CA-SC-20200B adopts Machine Learning Algorithm ensuring the best barcode scanning performance and speed.

### Best in Class User Comfort

The CA-SC-20200B is compact as well as robust. It will survive multiple 1.8-meter drops to concrete, delivering high reliability. The well-balanced design ensures high user comfort, even in repetitive scanning applications.

- Read general, tiny and dense barcodes
- Read most challenging and problematic barcodes
- Superior first-time read
- Omnidirectional snappy scanning
- Read barcodes shown on smartphone display
- Support 2D configuration barcode for easy field setup
- Easy to Use
- Definite audio and visual user feedbacks
- Robust construction withstands 1.8-meter drops

Optional Stand Item: CA-SS-1
